The submission of a bid will be construed to mean that the Bidder is fully informed as to the extent and character of the materials, supplies, services or equipment required and a representation that the Bidder can furnish the materials, supplies, services or equipment satisfactorily in complete compliance with the specifications.

11. All materials submitted in response to this Bid will become the property of the School District.

16. In all specifications, the words "or equal" are implicit after each and every article indicating manufacturer's name or catalog reference, or on any patented article. The decision of the School District as to whether an alternate or substitution is in fact "equal" shall be final. If bidding on items other than those specified, Bidder shall in every instance give the trade designation of the article, manufacturer's name and detailed specifications of item he proposes to furnish. Otherwise, bid will be construed as submitted on the identical item as specified.
17. Bids on equipment shall be on standard new equipment, of latest model, and in current production unless otherwise specified.
18. All regularly manufactured stock electrical items shall bear the label of the Underwriter's Laboratories, Inc.

24. Prices shall be net, including transportation, shipping, handling, and delivery charges fully prepaid by the successful Vendor to destination indicated in the instructions to bidder. If award is made on any other basis, transportation shall be prepaid by the successful vendor and added to the invoice as a separate line item. 26. Any interpretations issued will be in the form of addenda or clarification to the specifications. All addenda so issued shall become part of the contract documents.

27. If a conflict in terms or requirements exists within the contract specifications, the most stringent shall prevail.
28. If the materials, supplies, services or equipment are to be delivered over an extended period of time, or if the specifications so state, then the successful Bidder may be required to execute an agreement in relation to the performance of his contract, such agreement to be executed by the bidder within 15 days after notification to execute such contract. If the specifications so state, the successful bidder also may be required to furnish a performance bond equal to the full amount of the contract to guarantee the faithful performance of such contract. Such performance bond shall be maintained in full force and effect until the contract shall have been fully performed. If samples are requested subsequent to bid opening, they shall be delivered as directed for bid to have consideration. Samples shall be furnished free of charge and shall be accompanied by descriptive memorandum indicating if the bidder desires their return and specifying the address to which they are to be returned provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. The School District will not be responsible for any samples destroyed or mutilated by examination or testing. Samples shall be removed by the bidder at his expense. Samples not removed after fifteen (15) days after written notice to the bidder will be regarded as abandoned and the School District shall have the right to dispose of them as its own property.
31. When a specification indicates that an item to be purchased is to be equal to a sample, such sample will be on display at a designated location in the School District. Failure on the part of the bidder to examine sample shall not entitle him to any relief from the conditions imposed in the bid specifications.

Award and Reservation of Rights

32. Awards will be made in accordance with applicable laws as will best promote the public interest.
33. This Bid does not obligate the Connetquot Central School District to award a contract. Only the execution of a written contract or the adoption of a Board of Education resolution will obligate the School District to the terms and conditions contained in this Bid document.
34. The School District reserves the right to award contracts based on individual items, selected aggregate items, or on total sums, whichever is in the best interest of the School District.
35. The School District reserves the right to reject all bids; and to reject any bid in whole or in part, without incurring any cost.

41. The School District reserves the right to make awards within forty-five (45) days of the bid opening, or as otherwise indicated within the bid specifications, during which period bids may not be withdrawn.
42. If two or more Bidders submit identical bids as to price, the decision of the Board to award a contract to one of such identical Bidders shall be final. (General Municipal Law, sec. 103. Sub 1.)
43. Notice of award sent to a successful Bidder, to the address given in his bid, will be considered sufficient notice of award.

If the successful Bidder fails to deliver as ordered, or within the time specified, or within reasonable time as interpreted by the School District, or fails to make replacement of rejected articles, when so requested immediately or as directed by the School District, the School District may purchase from other sources to take the place of the item rejected or not delivered. The School District reserves the right to authorize immediate purchase from other sources against rejections on any contract when necessary. On all such purchases the successful Bidder agrees to reimburse the School District promptly for excess costs occasioned by such purchases. Should the cost be less, the successful Bidder shall have no claim to the difference.
47. If successful Bidder fails to deliver or perform as awarded, the District reserves the right to cancel the contract and purchase the balance from other sources at the successful Bidder's expense.
48. A contract may be canceled at the successful Bidder's expense upon nonperformance of contract.
49. Cancellation of contract for any reason may result in removal of the successful Bidder's name from our mailing list for future proposals for an indeterminate period.
50. When materials, equipment or supplies are rejected, they shall be removed by the successful Bidder from the premises of the School District within fifteen (15) days of notification. Rejected items left longer than fifteen (15) days will be regarded as abandoned, and the School District shall have the right to dispose of them as its own property.
51. It is mutually understood and agreed that the successful Bidder shall not assign, transfer, convey, sublet or otherwise dispose of the contract or his right, or interest therein, or his power to execute such contract, to any other person, company, or corporation without the previous written consent of the School District.
52. The District reserves the right to investigate any subcontractor(s) prior to making an award recommendation.

STATEMENT OF NON-COLLUSION

For the purpose of this Statement of Non-collusion, the use of the words bid or bidder are interchangeable and synonymous with the word's proposal and proposer.

By submission of this bid/proposal, the vendor certifies that he is complying with section 103-D of the General Municipal Law.

Section 103-D of the General Municipal Law reads as follows:

103-D. Statement of non-collusion in bids and proposals to political subdivisions of the state. Every bid or proposal hereafter made to a political subdivision of the state of any public department, agency, or official thereof where competitive bidding is required by statute, rule, regulation of local law, for work or services performed, to be performed, or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury: non-collusive bidding certification.

- (a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best knowledge and belief:
- (1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement for the purpose or restricting competition, as to any matter relating to such prices with any other bidder or with any competition;
 - (2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competition; and
 - (3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.
- (b) A bid shall not be considered for award nor shall any award be made where (a) (1), (2), and (3) above have not been complied with; provided, however that if in any case the bidder cannot make foregoing certification, the bidder shall so state and furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a) (1), (2), and (3) above have not been complied with, the bid shall not be considered for award, nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official subdivision, public department, agency or official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that the bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning subparagraph one (a).

Any bid thereafter made to any political subdivision of the state or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed, or goods sold or to be sold, where competitive bidding is required by statute, rule, regulation or local law, and where such bid contains the certification referred to in subdivision one of the section, shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bids and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.
